

Get Rid of the Guess Work!

AV HOME DESIGN APP lets you easily visualize your installation at the click of a button

AV Home Design App (AV-HD)

Create a customized view of how specified AV equipment would look in a customer's home or office. Simply take a picture of any wall and utilize the app to help visualize your solution prior to install.

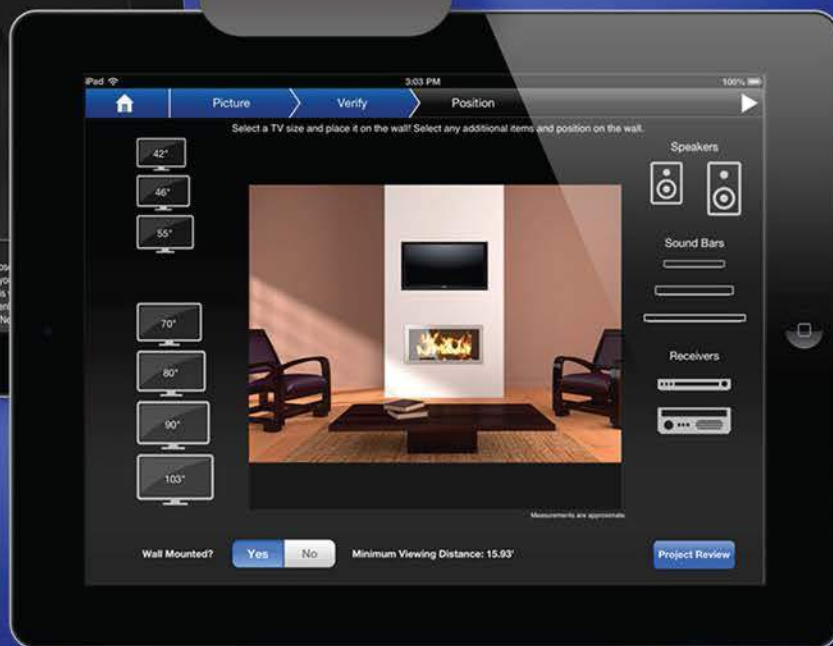

AV-HD conveniently takes the guess work out of choosing the perfectly-sized flat panel TV or speaker system for any space, helping YOU turn any customer's vision into a reality.

- Design preview
- Convenient image library
- Elegant graphic interface
- Move and scale functionality
- Product drag & drop capability
- Optional custom-install support
- Plus future enhancements

Available on the
App Store
